

Edible Campfire

Supplies Needed:

- Paper Plate or Napkin (Safety Circle) Small Cup with water/juice (Water Bucket) Fork (Rake or Shovel)
- Toothpick (Match)
- Mini Marshmallows or Jelly Beans or M&M's & Cheerios or Raisins (Fire Ring)
- Potato Sticks or Shredded Coconut (Tinder) Pretzel Sticks or Chinese Noodles (Kindling) Pretzel Logs or Bread Sticks (Fuel Logs)
- Red Hots or Red Licorice (Sparks, Small Fire) Candy Corn (Large Fire)

Instructions:

1. Create a safety circle outside your “fire circle.” (Make sure the area is clear around your plate.)
2. Fill a “water bucket” (a cup) and keep nearby.
3. Make your fire circle ring with mini marshmallows, jelly beans, M&Ms, Cheerios or raisins.
4. Create an A-frame of “logs” with your pretzels.
5. Make a teepee of “tinder” (potato sticks or shredded coconut).
6. Light with a match (red hots or hot tamales).
7. Add your “kindling” (short pretzels or Chinese noodles).
8. Candy corn will show it’s burning brighter. (optional)

Finish up!

With a real fire, when done the fire bucket would be used to put out the fire and the rake or shovel would be used to stir it up until cold to the touch. However, in this case just eat the fire and drink from the fire bucket and leave a clean fire area!
